****Deed of Restrictions****

The Masterson Station Neighborhood Association has formed a committee to enforce the DOR's (Deed of Restrictions). Violations range from non-approved building structures (sheds, portable storage units and home additions), tree replacement & trimming, lawn maintenance, non-approved fences, yard advertisement signs and all other deemed nuisances. When violations are cited, MSNA Property Manager will send a notice to the homeowner in regards to the problem. The homeowner will be allotted a certain time frame to correct the violation. If the violation is not corrected within the time period, accumulation of fines per month and legal action will occur. It is imperative for all homeowners to abide by the DOR's. A copy of MSNA DOR's can be found on the neighborhood website: www.mastersonstation.org or for a small fee, can be purchased at the Fayette County Clerks office.

Street Tree Care

Many residents are not aware that they are responsible for maintaining the street trees on their property. This includes pruning or trimming any tree branches that hinder a 7-ft. clearance on the sidewalks and a 12- ft. clearance above street traffic (14- ft. for main roads such as Masterson Station Dr. and Sandersville Rd). It is

also just as important to remove any that are below the 7- ft line to insure proper tree health and growth. For more information on street trees or street tree maintenance please contact the city's urban forester @ 258-3451.

Neighborhood Watch

**Did you know
MSNA has a
neighborhood
watch program?**

Our neighborhood is divided up into block captains and Janice Wilson, a Board member, is our neighborhood watch captain. All inquiries can be directed Janice. She will be happy to discuss any ideas, suggestions or concerns with you in regards to the safety of our neighborhood. Janice may be contacted at: 523-9615 or by email jlynnw63@aol.com.

Storage Policy

MSNA has been working together with the Lexington- Fayette Urban county Government Code of Ordinances in regards to tackling the issue of homes not properly storing their garbage and recycling containers. Chapter 16 Section 16:10(b) of the Lexington- Fayette Urban county Government Code of Ordinances states: Roll carts and other receptacles shall be kept in the rear yard or side yard when not at the curb for collection. Properties which do not have rear or side yard access may be exempt from this provision upon approval of an alternative storage location by the Director of Waster Management. MSNA's waste pick up days are scheduled for Thursday mornings. All receptacles can be placed out Wednesday evening and should be brought back to the home no later then Thursday evening. Any further questions or concerns pertaining to the proper storage policy can be directed to the Lexington- Fayette Urban County Government Division of Solid Waster @
